OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

(25-0006A1.) LIMITS ABILITY OF VOTERS TO RAISE REVENUES FOR LOCAL GOVERNMENT SERVICES. INITIATIVE CONSTITUTIONAL AMENDMENT. Limits voters' ability to pass voterproposed local special taxes by raising the vote approval threshold requirement for such ballot measures from a simple majority (over 50%) to two-thirds. In charter cities, prohibits voters from approving real estate transfer taxes other than the existing 0.11% transfer tax authorized by Revenue and Taxation Code section 11911. Overturns all existing voter-approved property-related taxes, including real estate sales and transfer taxes, that do not comply with these requirements two years after the measure is enacted. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: Annual loss of revenues to local governments totaling up to a couple of billion dollars, predominantly affecting certain charter cities. Potential future reduction in what local governments would otherwise collect in revenues due to a higher vote threshold for certain taxes and fewer types of taxes that local governments can adopt.

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

(25-0007A1) ESTABLISHES ADDITIONAL VOTER IDENTIFICATION AND CITIZENSHIP VERIFICATION REQUIREMENTS. INITIATIVE CONSTITUTIONAL AMENDMENT. Under current law, when registering to vote, individuals must state under penalty of perjury that they are United States citizens and provide information to verify their identity (e.g., birthdate, driver's license or Social Security number). This measure would amend the California Constitution to further require that: voters present government-issued identification at the polls or the last four digits of a government-issued identification number when voting by mail; the State provide voter identification cards on request; and elections officials annually report percentage of each county's voters whose citizenship they have verified. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: One-time state and local government costs in the tens of millions of dollars to prepare for implementation of the measure. Increased annual state and local government costs potentially ranging in the tens of millions of dollars to the low hundreds of millions of dollars to fulfill new requirements related to elections administration.

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

(25-0009A1.) LIMITS COMPENSATION FOR HEALTH CARE EXECUTIVES, MANAGERS, AND ADMINISTRATORS. INITIATIVE STATUTE. Prohibits certain hospitals and medical entities from paying executives, managers, and administrators more than \$450,000 in total annual compensation (salary, paid time off, bonuses, stock options, company vehicle, etc.) or severance payments; compensation limit increases up to 3.5% annually based on Consumer Price Index. Requires annual reporting of all executives, managers, and administrators receiving compensation or severance packages exceeding limit. Authorizes enforcement by Attorney General or taxpayer litigation. Penalties for violations include fines, revocation of tax-exempt status, and appointment of Attorney General representative to board of directors of nonprofit corporations. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: State cost as much as several million dollars annually to enforce the new limit on pay for administrators at affected hospitals and physician groups, mostly covered by fees charged to the affected entities. (25-0009A1.)

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

(25-0008A1) REQUIRES COMMUNITY HEALTH CLINICS SPEND 90% OF REVENUE ON PROGRAM SERVICES. INITIATIVE STATUTE. Requires nonprofit Federally Qualified Health Centers (community clinics that provide primary care to medically underserved areas and populations) to spend at least 90% of their revenue on program services advancing their charitable purpose, including but not limited to patient services, rather than management and overhead. Department of Public Health may waive spending requirement in exceptional circumstances. Authorizes Attorney General to publish guidance defining qualifying expenditures. Imposes monetary penalties for noncompliance, which may be refunded if centers become compliant within five years. Authorizes criminal charges for false reports and schemes to artificially increase spending ratio. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: State cost of up to the low tens of millions of dollars annually to enforce the new requirement that nonprofit safety net health clinics spend at least 90 percent of annual revenue on certain types of expenses, much of which would be covered by fees and penalties charged on the affected entities. OFFICIAL TITLE AND SUMMARY
(SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

Authorizes up to \$25 billion in bonds to offer eligible buyers fixed-rate mortgages for up to 17% of the purchase price of a “qualified new home” (new construction or first sale of converted nonresidential property, priced below about \$1 million–\$1.5 million, depending on county, adjusted annually). Borrowers must be California residents for one year, plan to occupy the home, earn less than 200% of area median income, and pay at least 3% down. Requires that bonds be repaid by homeowners’ mortgage payments, not State. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: No direct state or local costs. (25-0013A1)

Latest Official Top Funders: <https://www.sos.ca.gov/elections/ballot-measures/initiative-and-referendum-status/official-top-funders>

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

(25-0014) REQUIRES STATE PROVIDE ANNUAL PAYMENTS TO STUDENTS ATTENDING RELIGIOUS AND OTHER PRIVATE SCHOOLS. INITIATIVE CONSTITUTIONAL AMENDMENT AND STATUTE. Requires state to deposit yearly voucher payments (\$17,000 initially, adjusted annually) into Education Savings Accounts for California residents in grades TK-12 attending religious and other private schools anywhere in the United States. Payments will come from General Fund and property tax revenues that currently fund public schools. Eliminates constitutional prohibition on state funding of religious and other private schools. Prohibits state regulation of private school curriculum. Prohibits building, safety, or health standards for home schools that are stricter than standards applied to homes or similar businesses. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: For the state: increased costs, likely ranging from several billion dollars to more than \$10 billion per year, primarily driven by payments for students enrolled in private schools (or homeschooling). The state could pay for these costs using revenues it currently spends on public schools or other state programs. For public schools: reductions in state funding based on the number of students leaving public schools. This reduction could range from a few billion dollars to more than \$16 billion per year and is separate from any reduction the state might make to pay for its own costs. Public schools would likely respond by spending less on staff, supplies, services, and other activities.

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

Makes permanent the existing 2012 voter-approved tax rates for high-income Californians, currently set to expire in 2031. Rates apply to personal income over about \$360,000 for single filers, \$721,000 for joint filers, and \$490,000 for heads of household (2024 levels; adjusted annually for inflation). Allocates tax revenues 89% to K-12 schools, 11% to community colleges. Allows local school boards to decide how revenues are spent; bars use for administrative costs. Increases General Fund revenues available for education, healthcare, budget reserves, and other programs. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: Maintains \$5 billion to \$15 billion of annual state income taxes (in today's dollars) by making a tax on high income earners permanent instead of letting it expire in 2031. (25-0016.)

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

(25-0018A1.) REQUIRES UNIVERSITY OF CALIFORNIA TO PROVIDE DOWNPAYMENT HOME LOANS TO CERTAIN STAFF. INITIATIVE CONSTITUTIONAL AMENDMENT. The University of California (UC) currently offers home loans to faculty and managers. This measure requires UC to provide no-interest 20% downpayment loans to non-faculty, non-managerial staff who are first-time homeowners with five years' experience working for UC. No monthly payments required; staff must repay loan—plus 20% of any increase in home's value—when home is sold or refinanced. Requires 75% of loans be made available to staff with household incomes at or below area median income. Prohibits using taxpayer funds, tuition, or General Fund to fund loans. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: Costs to the University of California of about \$30 million annually the first few years to provide new home loans, with annual costs decreasing over a few decades as loans are repaid.

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

(25-0019A1.) REPEALS STATE LAW THAT PROHIBITS BALLOT INITIATIVES AND REFERENDA FROM BEING SUBMITTED TO VOTERS AT PRIMARY ELECTIONS. INITIATIVE STATUTE. Under current law, as amended by the Legislature in 2011, statewide ballot initiatives and referenda can only be submitted to voters at the statewide general election held in November of even-numbered years, or at a statewide special election. This measure repeals the 2011 law to allow statewide initiatives and referenda to be submitted to voters at any statewide election, including primary elections and general elections held in November of an odd-numbered year. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: Likely increased costs to state and local governments, possibly up to the low tens of millions of dollars each statewide election cycle. The extent of the increased costs would depend on whether more citizen initiatives qualify for the ballot. (25-0019A1.)

Committee major funding from:

California Association of Hospitals and Health Systems

Latest Official Top Funders: <https://www.sos.ca.gov/elections/ballot-measures/initiative-and-referendum-status/official-top-funders>

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

(25-0021A1.) RESTRICTS POLITICAL SPENDING BY HEALTH CARE UNIONS. INITIATIVE STATUTE. Prohibits certain large health care unions from political spending over specified amounts regarding state or local ballot measures without following certain member consent requirements. Requires these unions to provide members annual notice describing prior-year political spending. Requirements apply only to unions, not employers. Imposes monetary penalties on unions as follows: (1) for violations of member consent requirements, the amount spent in violation of the requirements; and (2) for violations of member notice requirements, \$1,000 per member (e.g., a \$50,000,000 penalty if union does not provide notice to 50,000 members). Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: Increased annual state costs, potentially in the range of millions of dollars, with some costs paid for by penalties created by the measure.

A More Affordable California, Sponsored by Uber

Committee major funding from:
Uber Technologies, Inc.

Latest Official Top Funders: <https://www.sos.ca.gov/elections/ballot-measures/initiative-and-referendum-status/official-top-funders/>

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

(25-0022A1.) LIMITS AUTOMOBILE ACCIDENT VICTIMS' RECOVERY OF MEDICAL EXPENSES AND FEES THEIR ATTORNEYS MAY RECEIVE. INITIATIVE CONSTITUTIONAL AMENDMENT. Automobile accident victims often hire an attorney on a contingency basis, meaning the attorney receives an agreed-upon percentage of the victim's monetary recovery if the victim wins. This measure would:

- limit the fees such attorneys may receive so victims retain at least 75% of their monetary recovery, but does not restrict fee arrangements for defendants' attorneys;
- for certain medical expenses, increase victims' burden of proof and limit the amounts they may recover; and
- prohibit certain financial arrangements between attorneys and medical providers.

Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: Likely net savings to the state trial courts ranging from the millions of dollars to the tens of millions of dollars annually. These effects would depend on the overall reduction in motor vehicle accident cases being filed as well as the degree to which remaining cases would take longer to resolve. Increased state Medi-Cal costs that could range from the millions to tens of millions of dollars annually due to various factors, including a reduction in compensation for some motor vehicle accidents used to offset Medi-Cal costs. (25-0022A1.)

Edison International & Affiliated Entities
California Building Industry Association

Latest Official Top Funders: <https://www.sos.ca.gov/elections/ballot-measures/initiative-and-referendum-status/official-top-funders/>

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

(25-0023A1.) MODIFIES ENVIRONMENTAL REVIEW FOR CERTAIN PROJECTS. INITIATIVE STATUTE. Amends California Environmental Quality Act (CEQA) to expedite environmental review of specified project categories (including most housing, transportation, water, health, and clean energy projects). For these types of projects, this measure:

- sets deadlines for public agencies to complete environmental review and take required actions for project;
- allows expedited review of project's environmental impacts, limiting public agencies' current obligation to consider a range of feasible project alternatives to reduce environmental impacts; and
- limits court review of project approvals by establishing deadlines for filing and resolving lawsuits and limiting evidence court may consider and relief it can order.

Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: State and local government implementation costs in the tens of millions of dollars annually for the first several years. Over the long term, the annual net fiscal effects are uncertain, but state and local governments likely would experience net savings due to reduced administrative and legal workload. Net fiscal effects on state trial courts ranging from annual savings of up to the tens of millions of dollars to annual costs of up to the low tens of millions of dollars. (25-0023A1.)

Latest Official Top Funders: <https://www.sos.ca.gov/elections/ballot-measures/initiative-and-referendum-status/official-top-funders>

OFFICIAL TITLE AND SUMMARY (SAME AS ON PETITION)

The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

(25-0024A1.) IMPOSES ONE-TIME TAX ON CERTAIN INDIVIDUALS AND TRUSTS. INITIATIVE CONSTITUTIONAL AMENDMENT AND STATUTE. Imposes one-time tax of up to 5% on taxpayers and trusts with covered assets valued over \$1 billion; covered assets include businesses, securities, art, collectibles, and intellectual property, but exclude real property and some pensions and retirement accounts. Allocates 90% of these tax revenues for health care, 10% for food assistance or education-related programs; prohibits using revenues to replace existing funding for these purposes. Exempts such tax revenues from constitutional requirements for school funding, budget reserves, and state spending limit. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: Temporary increase in state revenues from a new tax on the wealth of billionaires. These wealth tax revenues probably would add up to tens of billions of dollars spread over several years. Likely ongoing decrease in state income tax revenues of hundreds of millions of dollars or more per year. (25-0024A1.)
